

Rhode Island KidWind Educator Workshop

TEACHER TRAINING WORKSHOP

This is a **FREE** training! Join WindWindRI & KidWind and learn how to explore the power of wind energy with your students.

Come to this workshop to learn about the science and technology around renewable energy! In this workshop you will review energy and electricity basics, design and test blades, explore related energy education resources, and preview ready-to-use renewable energy curriculum.

Questions? Contact Joy Hadley at DrHadley@northkingstown.com for more information.

WORKSHOP DETAILS
