

2025 Offshore Wind Training

August 5-7, 2025
URI Coastal Resource Center
Narragansett, RI

KidWind®

Join KidWind and our team for a 3-day exploration of offshore wind energy in partnership with [University of Rhode Island Coastal Resource Center](#), and [WindWinRI](#).

This training will focus on offshore wind power. You can plan on three packed days learning about the politics, technologies and economics of offshore wind energy. This training will be coupled with tours and a range of engaging activities you can use with your students around wind energy.

While this training is appropriate for middle and high school educators, we welcome all levels and types of educators to attend this event.

REGISTER NOW!

DEADLINE - 7/1/25

TUITION - \$1250

Covers breakfast, lunch, and classroom materials (\$200). Teachers will also be eligible for contact hours and credit if interested.
